Gerry,

I have a couple of questions to ask you concerning these inspections along with some other prior inspections.

I will be in all day tomorrow. Do you think you could call me or give me a time to call you so we can discuss this?

-Tristen

Dan, I am heading back up to Peck's-Cheweloh this morning in a few minutes for more follow-up inspection work. I will find out more of the transformers that Peck has. I have verbally told Peck by phone that the transformers are a TSCA issue and has EPA oversight. Let me know what EPA's plans are. Jerry
